Dear Chief Russell Beatty

I am very honored to be working for the Village of Poland, although my time with this department was limited however I enjoyed and learned a lot about this career field. I want to thank the Village of Poland and the wonderful residents for giving me the opportunity to protect and serve this community.

This decision has not been easy, but I have decided that it will be in my best interest for my career that I will be pursuing my lifelong goal and dream. I will be available to help you during my resignation and can assist in anyway I can.

Once again, I would like to thank you for the many opportunities that you and Poland Village Police Department provided.

Sincerely,

Raymond Zebosky
